

## Welcome

Dear colleagues,

We hope you enjoyed the bank holiday weekend and managed to enjoy some of the wonderful sunshine – even if it was a bit cold.

At the end of last month, we celebrated with over 200 ECTs and Mentors who are coming to the end of their 2 year ECF journey with us. Thank you to the school leaders, teachers and mentors who have worked with us during this time. It has been a real privilege to support you with our ECF programme.

In this newsletter we have information for schools who may be looking to recruit an Early Career Teacher (ECT) for September 2023, alongside details of our NPQ programmes commencing Autumn 2023.

This month we are delighted to be hosting the Learning Shared network and their regional SEND and Inclusion conference. This is a great opportunity for all school leaders within our region to engage with the national picture for SEND and hear from guest speakers such as Diane Rochford and Vijita Patel to name but a few.

In our spotlight section, we are focusing on STEM learning and their programmes that are available to colleagues from across our region this month.

We hope you find the newsletter informative and that it helps you navigate what you can access across our region in May.

Kind regards  
Alan and the Potentia Team

 learningshared

### Who is it for?

SENCo's, Headteachers, Specialist leaders

## SEND and Inclusion Regional Conference

We are delighted to be hosting the Learning Shared network and colleagues from across the sector looking at all things SEND and inclusion on May 17th at the Winding Wheel, Chesterfield. If you are interested in joining us, [click here](#) for more information about the day!

## Empowering teachers and leaders to make change happen

**Register now to receive updates**

**Our next NPQ cohort will commence in Autumn 2023**

**Find out more at [EDT.org/NPQs](https://EDT.org/NPQs)**

## NPQ Applications are now open

We are delighted to inform you that applications for our next cohort of NPQs which commence October 2023 are now open. If this is something you are interested in, please follow the [link here](#) to our lead providers website, Education Development Trust for more details.

You can also join us for an NPQ information webinar on May 24th 4:00pm – 5:00pm to learn more about our leadership and specialist programmes.

If this is something you are interested in, please follow the [link here](#) to register for the webinar.

## Early Career Teacher

Are you employing an Early Career Teacher (ECT) starting in September 2023 for one term or more?

Potentia TSH are now offering both the Early Career Framework (ECF) and Appropriate Body services (AB). You will need to register your ECT, their Mentor and Induction Tutor for both of these.

To find out more we will be holding information webinars on the following dates:

- 23rd May 3:30pm
- 14th June 3:30pm
- 4th July 3:30pm
- 14th July 3:30pm

[Click here](#) to join any of these sessions. These are repeated sessions, please attend the date that suits you.

If you have taken on an ECT and are considering working with us please complete this [expression of interest form](#) so we can ensure you have the most up to date and relevant information.

If you are unable to attend the webinars or require further information please contact us at [ect@potentiatsh.co.uk](mailto:ect@potentiatsh.co.uk).

## Spotlight

At STEM Learning, our commitment to STEM education is part of everything we do. Whether that's delivering teacher CPD (Continuous Professional Development) in STEM subjects, bringing STEM role models into schools as part of the STEM Ambassador Programme or providing bespoke, long-term support for groups of schools in collaboration with companies through our ENTHUSE Partnerships, our aim is always the same – to provide a world-leading STEM education for all young people across the UK.

We don't do this alone! We work in collaboration with the UK Government, employers large and small, organisations and educational establishments to deliver positive STEM interactions for teachers, young people and beyond.

During May, STEM learning have lots of CPD opportunities for schools across our region to access.

Please [click here](#) to access the CPD programme for May.
